Answer to Request for Information on JP 12-59

The following information is submitted in answer to your request of 18 November asking for our future plans on JP 12-59.

25X1

Requirement RR/E/R 38/59 dated 3 April 1959 requests that a photographic intelligence study be prepared on a series of military explosive storage areas and possibly associated circular ground scar patterns located [redacted] Air Force report DPIR No. T 59-14 covers in detail the above referenced explosive storage areas. It does not, however, mention the possibly associated circular ground scar patterns.

It is the intension of MSD to prepare a report which describes in detail the circular ground scar patterns and their relationship to the explosive storage areas.
